The effect have abundantly shown to the community how much they excel the ordinary medicines in use .-They are safe and pleasant to take, but pow erfull to cure. Their penetrating properties stimulate the vital activities of the body. remove the obstructions of its organs, purify the blood, and expel disease. They purge. out the toul humors that breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart a healthy tone with strength to the whole system. Not only do they cure the every-day complaints of everybody, but also formidable and dangerous diseases. While they produced powerful effects, they are at the same time, in dimished doses, the safest and best physic that can be employed for children, and being purely vegetable are free
